

**Serve Washington recognizes that understanding the various streams of National Service can be challenging. This chart will help answer questions to determine if National Service may be a fit for your organization.**

This chart will help you better understand the National Service Family Tree. Below are the local, regional, and federal contacts to help you learn more once you have determined which stream of service is the best fit for you.

### AmeriCorps State Resources

Serve Washington  
Amber Martin-Jahn, Executive Director

Serve Washington is proud to serve as the Governor's Commission on Service, one of 52 state service commissions. Serve Washington advances national service, volunteerism and civic engagement to improve lives; expands opportunity to meet the local critical needs of residents of Washington; and strengthens community capacity while creating healthy and resilient communities.

State Commissions were designed to be in every state to build the **national service public and private partnership** as a 1:1 match between states and the federal government. In Washington, the Commission's federal funds are matched with state, private and in-kind sources.

Serve Washington develops a State Service Plan, which serves as a blueprint for maximizing civic engagement, volunteerism and service in Washington to meet unmet needs. Serve Washington serves as the convening organization for all "streams of national service" in Washington.
