

Who are the helpers

MAKING A DIFFERENCE

in your community?

In 2021, Washingtonians cared for their communities in many ways

Serve Washington invites you to share your volunteer stories and help inspire service across the state.

We want Washingtonians to learn about the many acts of kindness by individuals, organizations and communities making an impact.

We want to recognize:

- Neighbors helping neighbors
- AmeriCorps, AmeriCorps Seniors or other national service participants serving in our state
- You or someone you know who met the challenges in 2021

We will feature selected stories on our social media during National Volunteer Week (April 17-23, 2022)

Submit your story by 5 p.m. March 18, 2022
